Main characteristics/features

Ukiran Kayu Besut refers to the art of wood carving and Ukiran Kayu Besut products refer to the wood carvings themselves. This art is a reflection of the beautiful culture associated with the Malay society.

Geographical area

The geographical area is located in Besut, a small town in Terengganu.

Production and processing

The art of carving the wood depends on the ability and skill of the craftsmen. Before carving, the carver will consider the motif that they wish to create. Once the motif has been decided, the carver will find a piece of wood of a suitable type and size to be carved. The technique of hand carving involves skilfully cutting away at a piece of wood using a carving tool.

Link between product and territory

The small town of Besut, in Terengganu, is regarded as a commercial centre for woodcarving where this Malay art is being preserved.

Reputation and know-how constitute the main link between this product and the geographical area.
