

Name Sab Pa Rod Huaymon
(Huaymon Pineapple)
Country Thailand

Date of registration:
13/06/2012

Source: DIP Thailand

Main characteristics/features

The Huaymon Pineapple (Sab Pa Rod Huaymon) is a Pattawia variety pineapple which is outstanding for its thin skin with shallow bumps and its soft, dense, honey-coloured flesh. The fruit is sweet, fragrant and juicy and does not irritate the consumer's mouth.

Geographical area

Huaymon Pineapples are grown in Uttaradit province.

Production/processing

Link between product and territory

The Sab Pa Rod Huaymon is different from other kinds of pineapples as it is grown in areas with sandy loam soil. The climate at the plantation's location is not too warm during the summer and relatively cold during the winter. Both of these factors are very suitable for growing pineapples.
